Campground Location & Area Attractions:

There is no better place to stay while you explore the Lakes Region and Mount Washington in New Hampshire. Local sites include the Sugarloaf Mountains, [Weirs Beach, Laconia](#), the [Cog Railway](#), the [NH Motor Speedway](#), the [Tilton Outlets](#) and much [more](#).

Campground Reservations: (((Please do not call the Campground)))

Mike Tassinari will be collecting all Campground fees.
You will pay me during registration for the nights you stay.

Campground Sites:

We have all of the [Campground sites](#) except for the seasonal RV that may still be there when we arrive. That means we have about 34 to 38 sites and all sites have water/electric/sewer. We can also double up on any of the sites as all site's have a 50/30/20 amp pedestal. I was not able to secure any additional discounts for putting 2 RVs on a single site. Also when you contact Mikeee, please indicate if you are OK with sharing an RV site with another RV.

When Cathie and I visited the Campground all of the sites were pretty big and mostly pull thru.

Campground Site availability:

We will be assigning sites on a first come first serve basis

Deposit: None is required.

Please notify Mikeee that you are coming

Campground Cancellation Policy:

There is no cancellation policy as Mikeee is collecting all campground site fees.

Pets: Pets are welcome but must have Rabies certificate.

Firewood policy: No firewood is to be brought into the Campground.

You may purchase firewood at the Campground store.
